

## Description

SBM cabinets with shutter doors are the optimal solution for increasing the storage space for documents. The variant with shutter doors additionally saves the space that would be taken by opening the hinged door. SBM cabinets are available in many interior configurations. The furniture does not require assembly, so that they gain strength and stability. Continuous internal perforation along the entire height of the cabinet allows you to adjust the height of the shelves every 25 mm, due to which SBM metal cabinets are universal in use. The contents of the cabinet are protected by the lock. SBM lockers are characterized by timeless design and high functionality. The cabinets meet the requirements of the GDPR. Extensions with shutter doors are available for SBM cabinets.

## Features

- |                  |  |
|------------------|--|
| <b>Version M</b> | <ul style="list-style-type: none"> <li>• 5-year warranty (according to the terms of Malow products warranty).</li> <li>• Cabinets made of 0.7 mm thick steel sheet.</li> <li>• Shutter doors made of plastic slats. A cabinet occupies less area in comparison to a wardrobe with hinged doors.</li> <li>• Lock with handle and two keys.</li> <li>• 0.7 mm shelves thickness with a load capacity of up to 65 kg.</li> <li>• Adjustable shelves every 25 mm, which makes SBM cabinets universal in use.</li> <li>• Cabinet equipment options in:             <ul style="list-style-type: none"> <li>- pull – out shelves</li> <li>- drawers</li> <li>- frame drawers for hanging files</li> </ul> </li> <li>• Sliders to facilitate moving the furniture.</li> <li>• Powder-coated furniture, construction available in 16 RAL colours as standard.</li> <li>• The cabinets meet the GDPR document storage requirements.</li> </ul> |

## Marks description

5-year warranty shows that we are confident in our products due to high quality workmanship and reliability. We want you to feel safe and satisfied with working with us.

PZH approval is granted for a product that does not in any way adversely affect health or the environment.

We offer 16 RAL colours as standard. Thanks to this our furniture can be matched to any interior.

ISO certification confirms compliance with standards and the high quality of products and services we offer.

Zircon technology provides very good corrosion protection for our products. In addition, this process improves paint adhesion.

We test our products in our own laboratory, the Centre for Research and Development (CBR).
